

## Timimaizer – Fluido refrigerante Timicor Fast

Timimaizer is a ready-to-use four-stage coolant based on monoethylenoglycol without organic additives. Recommended for all refrigeration systems: passenger cars, heavy vehicles, agricultural machinery, construction machinery, stationary engines, etc. Excellent anti-freeze protection, it ensures a high anti-corrosion maximum protection of the whole cooling system (protects: copper, steel, aluminium, iron). Excellent heat exchange capacity which allows efficient cooling and prevents boiling of the cooling liquid. Compatible with warranty seals and plastic parts.

<b>Colour</b>	<b>Green</b>	
<b>Mixing ratio</b>		
<b>Hardener</b>		
<b>Thinning</b>	No thinning – Ready to use	
	<b>Technical Data</b>	
<b>Initial Crystallization</b>	- 23 °C	- 9 °F
<b>Antifreeze Protection</b>	- 25 °C	-13 °F
<b>Freezing Point</b>	- 27 °C	-16,6 °F
<b>Boiling Point</b>	106 °C	223 °F
<b>SHELF LIFE</b>	When stored inside in original containers and sheltered from sunlight and cold at temperatures between 5 and 40 °C, the product has a shelf life of 3 years after its date of manufacture.	
<b>Observations</b>	<b>It contains a chemical agent that converts the Timimaizer into a bitter liquid to prevent accidental ingestion. Coolants and antifreeze liquids usually have a sweet taste, but they are extremely harmful to health and can even cause death when ingested.</b>
